HEAT PUMPS - Heat pumps across the Scottish Highlands and Islands

We are one of the leading commercial heat pump installers in Scotland.

Accredited heat pump installers

Network Refrigeration & Air Conditioning can offer heat pump installation and repair to the highest possible standard. We are accredited installers of the Mitsubishi Ecodan system, so you can be confident that your system will work perfectly.

Invest & save

Specialising in air source heat pumps means that we can install them in any kind of building, allowing you to take advantage of the savings that such items provide regardless of the type of business you own.

Our heat pump services include:

- On-site heat pump repair
- Commercial refrigeration breakdowns & repairs
- Refrigeration system maintenance contracts
